

EMERGENCY BODY ARMOR™

Emergency Body Armor™ is a new rapidly deployable 'device' offering the latest in globally respected and field-tested body armour technology, displaying truly outstanding protection from edged weapons, such as machetes and knives, as well as hypodermic needles.

Features & Benefits

- Rapidly Deployable
- Unlimited shelf life (compared to 3-5 years life span of Kevlar® made body armour)
- Outstanding protection from blunt force trauma (usually suffered following a kick, punch or blow from a blunt object)
- Shields the spine, ribs and all vital organs
- Extremely lightweight
- Ultra-thin
